The Governor is directing enhanced educational efforts to improve the Medicaid managed care system. The Cabinet for Health and Family Services (CHFS) will sponsor educational forums in each of the eight Medicaid regions. These forums are designed to allow medical providers, MCO representatives, and DOI representatives to meet face-to-face to discuss concerns about proper billing, appeals processes and any specific regional issues related to Medicaid managed care. Additionally, these forums will encourage conversations about how to improve the overall system of health care delivery in Kentucky.

We encourage you and your appropriate staff to participate in these free educational forums. More information will be released soon, including final dates for all regions, locations, parking, agenda and registration information. In addition to mailed information, be sure to check www.chfs.ky.gov/dms for updates.

Sincerely,

Lawrence Kissner, Commissioner
Department for Medicaid Services
